News for members of the Madison Nordic Ski Club

March 2009 Vol. 28 No. 5

## A Great Ski Season Draws to a Close

**Rob Lucas and Bill Coady**

I can't believe that we're writing the last newsletter of the season. 2008-2009 has to be one of the best ski seasons on record with tons of snow and cold temps for plenty of skiable days. Snowfall was the first priority of our Presidency, and so far, so good.

When we agreed to take over the reins of the Co-presidency of MadNorski we did so because we believed in the club, and after seeing all the accomplishments made by the club under Dirk and Walt's leadership we were inspired to step up and do our part. It has been an honor to work

with the capable folks who are on the present board. One of the benefits of being co-president is getting to know a lot more of the members of the club. Plus our friendship has grown as a result of the time spent meeting and planning for club agendas (often on bikes or skis—we know how to do planning while moving). One goal was to follow-through on initiatives the previous board had begun: snowmaking at Elver, an active trials committee, work with area groomers, youth programs, community relationships—the list goes on. If you're passionate about some idea for Madnorski, you're welcome to pitch it to the board.

Rob always likes the energy of the Juniors— from the sizzle of enthusiasm at the Chili feed to the excitement I witnessed as their race jerseys came in at the chalet at Blackhawk to the camaraderie they show at a races- these kids are the future of our sport!

Bill has been amazed to see how a fairly small group of committed skiers has been able to really impact the sport of Nordic skiing in Madison by supporting local trails, local races, youth programs, lessons, and so many other initiatives to get people active in winter and engaged in the Nordic skiing community.

We'd like to hear from you on what you'd like to see at meetings and from the club in general. You should receive a survey by email in the near future so please take a few minutes to let us know your thoughts on things like meeting format, the newsletter, etc. Of course you don't need to wait for a survey, you can call or email us anytime, we're all ears.

Most importantly, enjoy what skiing the weather provides, March has always been a fickle month so grab these last chances to ski while you can.

## Skiing with Bjørn

**Rob Lucas**

One of the privileges of being co-president is being part of projects as they unfold. I'd seen some of the press releases in the fall announcing that Bjørn Dæhlie was going to ski the Birkie. Prior to the first club meeting Ian Duncan approached Bill Coady and myself and asked for a "few minutes of time" at the club meeting. Well, you know Ian...His concept of a "few minutes" and mine are somewhat different. I began to understand

how the word persistent and Ian are intertwined. Later in December Bill and I were out for a "planning" meeting on skis at Elver. We ran into Ian and Katie doing a photoshoot. Later Ian asked if Katie Brekke, a local skier recently diagnosed with multiple sclerosis (MS) could have a "few minutes" to tell her story at the club meeting—a story that touched me deeply. I actually took Ian's admonition to heart and began fundraising early. I found it difficult but continued on toward my modest goal. Yes, it's difficult to ask for money and to constantly remind those who promised, but it was worth it. On the

Monday prior to the Birkie, I received an excited phone call from my son Mike—he had heard on the answering machine that I had been lucky enough to get a chance to ski with Bjørn. It took a few tries to connect with Amanda from the MS Society, but when I did I was told to meet the group at the North End Trailhead warming cabin at 10:30AM on Thursday. Plans had to be changed a few frantic phone calls, and my search for a ride to Hayward Wednesday night led to a ride up with Don Becker.

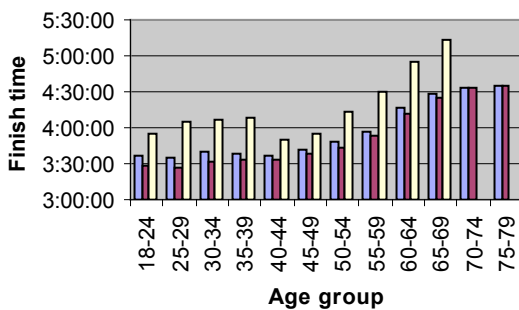

*Continued on page 6*

# Nearly 600 Madison-area skiers participate in Birkebeiner

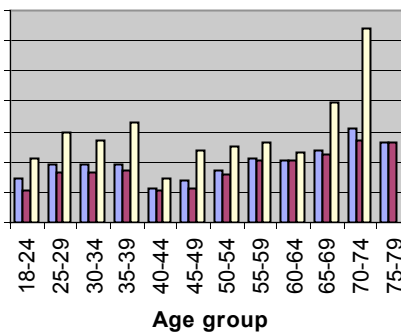

Jim Coors

In both the Birkie freestyle and classic events, it looks as if skiers slow down a bit from their early twenties until around 40, at which point some sort of mid-life crisis/familial responsibility realignment/renewed self-awareness/fitness freakout kicks in and finish times start to decrease. This is particularly apparent for women. Unfortunately, by the late forties the body finally seems to yield to life's accumulated insults. For example, the finish times for Birkie freestyle skiers increase at the rate of about two minutes per year. The same general trends seem to hold for the Kortelopet, but the lower number of participants makes it difficult to say much more. [The list on the following pages shows 596 local skiers]—ed.

"CXC Academy is professional and well done. Now I see what I need to do for training every day. It is a very useful tool for coaching and being coached. I can watch the videos then practice technique. I can also review the videos when I forget how to do things instead of practicing bad technique for weeks." – Birkie and master skier from Wisconsin.

"CXC Academy can serve as a personal coach or simply as extra curricular education for the determined athlete. Having worked closely with CXC and its coaches, I can say that this program teaches a training system similar to the programs we are writing for some of the athletes on the US Ski Team." - Matt Whitcomb, Head Development Coach, US Ski Team.

Thursday morning arrived, ten degrees and sunny, and I'm very excited as I ride in a van with Don Becker and Jon Wolfe to the trailhead. When we arrive it looks like a MadNorski gathering—the club was well represented by such luminaries as Jimmie and Judy VandenBrook, Renee Callaway, Harry and Kay Lum, Leslie Taylor, Carolyn Senty, Dave Cahoun, Don Becker, Jon Wolfe, Ned Zuesldorf, Jessie and Peter Coenen and Katie.

We went into the warming house to change into our ski boots. While Bjørn was sitting at the picnic table putting his boots on I sat down next to him saying to a friend with my camera “take a picture showing how Bjørn puts his boots one foot at time just like me.” He laughed and said something like “maybe like this” and hugged me—surprised does not begin to describe that moment for me. After many pictures we went outside for a talk by the Wisconsin director of the MS society and a few words by Ned,

Ian and Bjørn. Bjørn gave out hats to everyone attending. The trail was freshly tilled and tracked with fresh corduroy. We skied a fast K up from the trailhead led by local skier Terry Tansey. At one point I was in the tracks and booking along when Bjørn accelerated by skating with such grace and power as he wove through the group like we were standing still. We skied our way out to the powerlines and a rapt audience listened as Bjørn spoke about how skiing was about

living a healthy life. We turned back and skied behind the Pisten Bulley down the new classic trail out to the 7k marker. There I skidded off to the side and Bjørn skied up alongside me. All I could think of to say was “such a beautiful day in such a great place”. He gave us some wax tips and told us he had never used a kick wax harder than Special Blue. We skied back to the trailhead and jumped into our cars to head off to lunch.

We all met for lunch at the River’s Eatery in Cable (a silent sports mecca,

according to Ned) for some wonderful pizza that the owners and their family had donated. Bjørn was presented with a wood clock, artfully made by Terry Tansey. Bjørn’s father was also there. We had speeches, food, and more autographs and pictures. Ian and Bjørn left to engage in more fundraising and we were left with a feeling of wonder. Overall Ian’s efforts (he started working on this project last March) raised over \$100,000 dollars for MS research. Kudo’s to Ian Duncan and Bjørn Dæhlie and the MS. Society of Wisconsin
